Translation:

All the miseries, worries and ailments in life are eradicated by chanting Rama
namam.

Having darshan of Seetha Raman today, will satisfy the purpose of nascency
(event of being born). The life in the universe is a mix of enjoyments and
miseries, like enjoying shadow in a hot sun.

If no miseries, no one will think/remember Lord Rama, the supreme personality.
You will be tested with a pool of miseries; finally Rama will grab, embrace and
get you out of all sufferings by his cacoetheal (irresistible/passionate/love
motive) actions.

Ramanamam is sacred amurtham and divined soothing medicament to ears.
